Households may apply for free or reduced price meal benefits one of four ways as listed below.

1. Households whose income is at or below the levels shown are eligible for reduced price meals or for free meals. Households may complete one application listing all children and return it to your child's school.
2. Food Assistance households and children receiving benefits under the Family Investment Program (FIP) are eligible for free meals. Most children from Food Assistance and FIP households will be qualified for free meals automatically. These households will receive a letter from their children's schools notifying them of their benefits. Households that receive a letter from the school need to do nothing more for their children to receive free meals.
3. Some Food Assistance and FIP households will receive a letter from the Department of Human Services (DHS) which will qualify the children listed on the letter for free meals. Parents must take this letter to the child's school to receive free meals.
4. Food Assistance or FIP households receiving benefits that do not receive a letter from DHS must complete an application for their children to receive free meals.

Only complete applications will be approved by the school. Applications may be submitted at any time during the year. If a family member becomes unemployed the family should contact the school to complete an application.

Foster children are eligible for free meal benefits. Some foster children will be qualified for free meals automatically through the State Direct Certification process. Their host family will receive notification of these benefits. Families that receive this notification from the school need to do nothing more for their foster children to receive free meals. If a family has foster children living with them and does not receive notification and wishes to apply for such meals, instructions for making application for such children are contained on the application form. Special Supplement Nutrition Program for Women, Infants, and Children (WIC) participants may be eligible for free or reduced price meals based on a completed application.

Households with children who are enrolled in the Head Start/Even Start Program or the Migrant Education Program or who are considered homeless or runaway by the school district's homeless liaison should contact the school for assistance in receiving benefits. If households are dissatisfied with the ruling of the officials, they may make a formal appeal either orally or in writing to the school's designated hearing official. The policy statement on file at the school contains an outline of the hearing procedure. School officials may verify the information in the application, and that deliberate misrepresentation of information may subject the applicant to prosecution under applicable State and Federal criminal statutes. Households should contact their local school for additional information.

hawk-i/Medicaid Information Form: Read this information and sign if you do not want your name released to hawk-i or Medicaid.

If your children do not have health insurance, many families getting free and reduced price meals can also get free or low-cost health insurance for their children.

The law requires schools to share your free and reduced price meal eligibility information with Medicaid and **hawk-i**, the State's medical insurance program for children. Specifically, we will give them your child's name and your name and address. Medicaid and **hawk-i** can only use the information to identify children who may be eligible for free or low-cost health insurance and then to contact you. They are not allowed to use the information from your free and reduced meal application for any other purpose.

Childcare organizations may share this information at their option.

You are not required to allow us to share information from your children's free and reduced price meal application with Medicaid or the **hawk-i** program. It will not affect your children's eligibility for free and reduced price meals. If you do NOT want your information shared with Medicaid or **hawk-i**, you must tell us by completing the information below at the time you complete this eligibility application. If you want further information, you may call **hawk-i** at 1-800-257-8563.

I DO NOT want school/home sponsor/child care or Head Start center officials to share information from my free and reduced price meal application with Medicaid or hawk-i. Also, if you are already receiving Medicaid or hawk-i, please sign below. This will avoid another contact.

Self-Employment Income Worksheet: This worksheet will assist you in calculating the amount to report if you engage in farming, are self-employed, or have income from other sources.

Persons who are engaged in farming or who operate other types of private businesses may experience variations in cash flow or monthly income throughout the year. These persons may use their income tax records from the preceding calendar year as a basis for applying for the free and reduced price meals. The income to be reported is income derived from the business venture less operating costs incurred in the generation of that income. Deductions for personal expenses such as medical expenses and other non-business deductions are not allowed in reducing gross business income.

If you have additional income from other kinds of employment, this income must be treated as separate and apart from the income generated from your business venture. USDA **DOES NOT** recognize income the same way as IRS. USDA does not permit a loss from a business venture to off-set earnings from wages or salary. Though your business may have suffered a net operational loss, for purposes of this application, it is not possible to have a negative income. **The least self-employed income possible is zero (no income).** For example, if you operated a business at a net loss but held another job where you received wages, your income for purposes of applying for free or reduced price meals would be the income from your wages only. The loss from the business cannot be deducted from the amount of the income earned in the other job.

A prior year loss from farming or other private business operation cannot be used to reduce the current year net income for determining free and reduced price eligibility. Wages paid to a spouse or other family member in the operation of a farm or private business must be shown as household income in Part 5 of the application.

Income from private business operations is to be taken from your most recent U.S. Individual Income Tax Return - Form 1040. Use the lines from the 1040 that are identified.
